Meach Mask

SUMMER SKIN Barrier Repair

Soaking in all those rays may have compromised your skin barrier. Known as the gold standard of pure skin soothing, SKIN1004 Madagascar Centella Ampoule is formulated with 100% high-quality Centella Asiatica extract from Madagascar, designed to instantly calm irritation, reduce redness, and fortify a compromised skin barrier.

Transform your dry summer skin with this lightweight, gel-cream texture proven to maintain hydration levels for up to 100 hours! Strengthen your moisture barrier to ensure your skin remains radiant and resilient against the signs of premature aging.

When the skin is irritated, dry and stressed, it requires a lot more than just moisture. Dr. Althea 345 Relief Cream is formulated to soothe, hydrate and nourish skin for extended relief. Most moisturizers are designed to be proactive, but this cream was developed to do more—to be proactive, reactive, and everything you need in between.

Scalp Care What You Need To Know

Formulated with a blend of biotin, peptides, and cooling agents, the lilyeve features a built-in silicone brush to stimulate hair follicles and deliver a high-concentration of exosomes to increase growth, reduce shedding, strengthen hair, and revitalize the scalp at a cellular level.

The versatile lilyeve Two-Way Gua Sha Brush promotes blood flow to the cranial area and contours the face. By combining the benefits of lymphatic drainage with the "Skinification of Hair" trend, it helps lift the jawline, reduce facial puffiness, and improve scalp circulation.

Scalp is skin, and medicube gets it! This rosemary PDRN shampoo and conditioner combo is your new hair game bff. Designed for all hair types to strengthen the scalp barrier and revitalize dormant follicles, while preventing premature hair fall and thinning. This duo repairs cellular damage and improves scalp elasticity and delivers long-term thickness and scalp health for a fuller, more resilient mane.

Medicube rosemary PDRN hair mask is the definitive solution for deep damage and scalp vitality. Delivering professional results for over-processed hair that has been compromised by heat, chemical treatments, and environmental stressors to restore shine while providing intensive bonding care as a structural intervention.

New PRODUCT Launch

JUST WHAT THE NURSE ORDERED

Key Ingredients Amazing Results

Azelaic Acid A game changer in skincare with a powerhouse of benefits! Known for its ability to treat acne, reduce redness, clear pores, fade dark spots and hyperpigmentation.

Ectoin An organic amino acid that protects against environmental stressors and UV rays, soothing and calming the skin.

Tranxemic Acid (TXA) Targets pigmentation, melasma, and discoloration like a pro to even out your skin tone for a brighter, more luminous complexion.

Korean Skincare Subscription Box

Hey K-Beauty Enthusiast and Glow Getters! Finding the right products shouldn't feel like a part-time job. Our Korean Skincare Subscription Box takes the guesswork out of your routine by delivering a complete, expert-approved set of products to your door every three months. You get eleven authentic items, including four full-size products, 4 deluxe size products, 4 masks and a fun cosmetic bag to keep it all in. All are hand-selected by a registered nurse and licensed esthetician. It is the simplest way to build a routine that actually works, with everything shipped directly from our warehouse in North Carolina!

Subscribe and GLOW

Receive one curated box every quarter for only $99! Enjoy a routine that was designed **just for you!**

Layer Your Skincare

The key to great skin isn't a science project, it's an art. Apply lightweight, water-based products first! They absorb more effectively into bare skin, while rich creams and oils can create a barrier that keeps lighter formulas from penetrating. Pause briefly between and keep the layes modest.

FAST U.S. SHIPPING FROM NORTH CAROLINA | 100% AUTHENTIC KOREAN SKINCARE | CURATED BY A NURSE WITH 25+ YEARS IN SKIN
